

PLEASING RECEPTION

World's Fair Boomers Having a Good Time in Frankfurt.

A Heavy Bill Day in the House—The Gerryman Bill Being Prepared.

THE LATEST FROM THE LEGISLATURE

Frankfort, Ky., Jan. 28.—The St. Louis World's Fair boomers and boomer are being lavishly entertained here, and seem delighted to get back to old Kentucky.

This morning in the house there was another deluge of bills. The first bill presented was to make the birthday of General Robert E. Lee a legal holiday.

No one seems to object to the capital appropriation, but many object to a bill that creates a board of nine commissioners at \$1,200 per year, who might remain in office for a number of years before the capital was completed, or even before the foundations were laid.

It is necessary when public buildings are to be erected there shall be a building committee, or board of commissioners, to handle the funds and manage the contracts, but it is the prevailing idea that the Holland bill crosses the bridge before getting to it, and that all that is needed at present is a provision for the raising of the necessary funds.

There will probably be another bill drafted, with the objectionable features of the Holland bill eliminated, and there is still a fighting chance for such a measure to pass.

The Democrats are so largely in the majority that they are kept in continual good humor with everybody, and the Republicans are such a small minority that they have wisely adopted a "grin and bear it" policy, which they have so far carried out admirably.

The slating of committees left the Republicans with no representations on the redistricting committee, and, of course, the Democrats alone will be responsible for any changes that are made in the congressional, senatorial, judicial or legislative districts.

Republican members have poured in a bunch of reappropriation bills, which have been referred to the redistricting committee, but they will, of course, meet an early death in the committee room, and from their ashes will rise reappropriation bills formed by the Democratic committee.

A house bill by Parker of Laurel is to abolish the reward fund commission, and appropriate \$200,000 reward for the Good Samaritans.

House introduced a bill prohibiting drinking intoxicants on trains.

At noon a joint session heard speeches from the St. Louis delegation including Ex-Governor Crittenden, Gov. Francis, and others, and from Gov. Beckham, who said he would sign a world's fair bill with most liberal ink.

The bill offered in the lower house of the assembly to make Labor Day a legal holiday in Kentucky, was strongly urged by the labor organizations of Louisville and Lexington, and will almost certainly be enacted into a law. The measure was presented by Representative Samuel W. Adams of Covington. It makes the first Monday of September of each year a legal public holiday.

The bill pending in the house to take the election of the custodian of public buildings out of the hands of the court of appeals and place it with the state board of sinking fund commissioners has developed a good crop of candidates for the place. The bill has already passed the senate, and its passage through the house is assured. Captain Ed Porter Thompson will make a fight for re-election, and among the other prospective candidates are John M. McLean of Callaway, of the auditor's office, and W. M. Lyon of Jessamine, now of the secretary of state's office.

WAS RELEASED

FANNIE WILSON GETS OUT ON HER OWN RECOGNIZANCE.

Fannie Wilson, who has been in jail for the past several weeks for stealing \$231 from Frank Patterson of Central City, is out of jail on her own recognizance.

She filed a certificate with the court several days ago certifying that she is ill, and signed by Dr. Peudley, and the judge made the order this morning. She was released from custody this morning, but will have to appear before the court on the next regular term in April, in answer to the charge.

Ed Jones is now the only one of the three originals in the charge who still remains in jail, and he is a tramps.

THE WEATHER.

Cloudy tomorrow and tonight. Probably snow.

EXPOSITION AT MANILA

Movement Inaugurated By a Native Leader.

Chamber of Commerce Appeals For Admission of Chinese.

Manila, Jan. 28.—The public here, backed by army influence, is inclined to dispute Governor Taft's cable interviews since his arrival in the United States concerning a reduction of the army by 15,000 men within a year, which would undoubtedly be the minimum strength of the American forces. The residents of Manila, however, are naturally influenced by the prolonged insurrection and mistrust the cause of the provinces.

Polio Bencominio, one of the directors of the federal party, is endeavoring to inaugurate an exposition of commerce, to be held next December. He relies mainly upon exhibits from the United States, China, Japan, Siam and Korea. The merchants of Manila are inclined to think that this exhibition should be delayed another year, but if sufficient support is promised the United States Philippine commission will be asked to assist in carrying out the plan.

The American chamber of commerce here has formulated an appeal to congress in which it earnestly prays for the enactment of laws allowing Chinese to enter the Philippine Islands under such restrictions as the United States Philippine commission may enact. The present restrictive law concerning immigration, contrary to this appeal, is of no benefit to the Philippines. Chinamen, it is admitted, would not enter into competition with local labor, and their entry into the islands is imperatively needed, as the tobacco, hemp and sugar lands of the archipelago are only partially cultivated. Without this migration the country can not be properly developed. Building in Manila has been badly retarded because of this lack of labor, and for these reasons the American chamber of commerce, composed entirely of American citizens, representing commercial interests, respectfully prays for immediate action in the matter.

ILLINOIS COAL LINES

IT IS REQUESTED THE CHICAGO AND EASTERN ILLINOIS WILL TAKE A HAND.

Union City, Ill., Jan. 28.—A most serious situation has been found to exist in the attempt to place the Illinois coal fields under the control of the great corporation that controls the coal interests in Indiana, West Virginia and Ohio. The Illinois Central has carried in the past 27 per cent of the coal of this state, and through its allied interests has carried over 50 per cent of the output. About ten days ago a demand was made for some agreement that this carrying revenue in the future would not be hampered by the elimination of competition. To this only an elusive agreement was proposed, whereupon the road refused to deal longer with the J. Pierpont Morgan interest, and suggested that the Illinois people would be accepted by the negotiators.

It is stated that the Chicago and Eastern Illinois railroad, which is controlled by the Morgan syndicate, may endeavor to enlarge its coal carrying at the expense of the other coal roads of the state. The present contest may delay the plans of the combine for several months, unless the railroad interests of the state are amply protected in their revenue.

ALL SOULS NOT IMMORTAL.

PARKHURST COMES OUT STRONGLY AGAINST POPULAR BELIEF.

New York, Jan. 28.—In the second of his sermons on "Immortality," Rev. Dr. Charles H. Parkhurst in the Madison Square Presbyterian church came out strongly against the popular evangelized belief that all souls are immortal. He expressly gave it as his opinion that the Scriptures do not teach immortality of a soul from death, and that the soul must be taken care of in this life, else it will perish utterly, either at the death of the body or after a longer or shorter period of life beyond the grave.

To all orthodox interpreters of the Presbyterian creed it always has been assured that the soul of the wicked, as the just man alike was immortal—the one for everlasting punishment, the other for everlasting happiness.

RETAIL GROCERS MEET

Milwaukee, Jan. 28.—About 350 retail grocers from all parts of the country assembled in Milwaukee today for the fifth annual convention of the National Association of Retail Grocers.

A BOLD ASSAULT

Mrs. Jerry Kimbrow Choked and Robbed in Broad Daylight.

A Negro Who Had Asked Her For Something to Eat Lay in Wait for Her.

OFFICERS VAIN SEARCH FOR HIM

A negro entered the residence of Mrs. Jerry Kimbrow on Jones street this morning, and in broad daylight choked her and compelled her to give him 50 cents, all the change she had in the house at the time.

The negro first came to the back door, just as Mrs. Kimbrow was going out after a bucket of coal, and asked her for a "hand out." She informed him that she had nothing in the house for him, and he then apparently went away, going around the house. Mrs. Kimbrow secured the coal and returned to the house, to find the negro on the back. He jumped up when she came into the room, and grasping her about the throat, began to choke her. She threatened to call for the police, and, being badly frightened, she was then made to give the money to the intruder. He made his escape before officers could be summoned. Mrs. Kimbrow has a good description of the man, and officers are on the lookout for him. Mrs. Kimbrow is the wife of a well known I. C. shop employee, and was almost almost present at the bolt robber.

Officer Tomlin searched quite a while for the negro, but could find no trace of him. There has been a great deal of excitement over the affair in the neighborhood.

KILLED IN CHURCH

AT EAGLE MILLS, O. JOSEPH COX SHOTS HOWARD HATFIELD, WHO WAS AT CHURCH WITH COX'S SISTER.

Chillicothe, O., Jan. 28.—Joseph Cox shot and killed Howard Hatfield at church Sunday at Eagle Mills, fifteen miles east of here. Cox had been paying attention to Hatfield's sister, and Hatfield strongly objected.

Cox took Miss Hatfield to church last night, and when Hatfield saw them together in the church he at once assaulted Cox, who drew a weapon and fired, the ball passing through Hatfield's body. He fell in the aisle, amid the shrieks of terrified women.

Both men are of respectable families, and both are school teachers. Hatfield married a sister of Cox. Cox was arrested and taken to McArthur today.

JUST TOOK SAFE

PAIRING HOLD UP ON THE SOUTHERN RAILWAY.

Chillicothe, S. C., Jan. 28.—Monger details of a daring hold-up on the Southern railway near Irmoreville, which occurred last evening, were received here tonight. As a north-bound passenger train from Charleston, loaded up two miles from Branchville, the engineer, fireman and conductor were compelled by several masked men, at the point of pistols to stop. The robbers overpowered the passengers, and unaccompanied the engine, express and baggage car from the remainder of the train, and ran two miles up the road, where they loaded the two iron express safes upon a two-horse wagon and drove away. The express messenger was ordered by the robbers to unlock the safe, but declared that he did not know the combination. The leader is supposed to be the notorious starling Warlock, who, it is said, robbed the express car within a few miles of Branchville in 1899, and afterwards murdered the chief witness against him. He later escaped from jail, and has recently been reported to be at large in Orangeburg county.

HOWARD CASE.

THE ARGUMENTS WILL NOT BE CONCLUDED UNTIL TOMORROW.

Frankfort, Jan. 28.—Tom Campbell continued his speech for the prosecution in the Jim Howard case this morning, speaking along the usual lines and concluding at noon. Violet concludes for the defense this afternoon, and Franklin begins for the commonwealth and concludes in the morning.

IS GETTING MANY RECRUITS.

Corporal Shackelford, the recruiting officer, has been busy today examining colored applicants for service in the regular army.

He received notice that he could enlist them, and since the notice was published by the press, the colored applicants have been flocking in to the officer in large numbers. He will probably get half a dozen before his time is up for this district.

EIGHT ARE BLOWN TO ATOMS

And Over One Hundred Injured In a Terrific Explosion in New York.

New York, Jan. 28.—The reserve supply of high explosives stored at the Park avenue shaft of the rapid transit tunnel, now in course of construction, blew up yesterday afternoon. The blast killed six persons, injured a hundred others and seriously damaged all the property reached by the flying debris and the vibration of the shock.

The irregular square formed by the Murray Hill hotel on the west, the Manhattan Eye and Ear Hospital and the Grand Central hotel on the east and the Grand Central railroad station on the north was the scene of the explosion. The building named sustained the greatest damage, but the area affected extended for several blocks in the four directions.

The killed—Adams, Cyrus, elgar man at the Murray Hill hotel; then, James, 32 years, a waiter at the Murray Hill hotel; Hines, Lawrence, 28, of Adams; Chan, Moleston, J. B. H. of Nelson B. C. Thompson, Ralph, assistant engineer. All outside reports seem to agree as to his death, but his body is not reached by the police or by the hospital. Tubbs, Thomas, master mechanic for Contractor J. A. Shaler.

The list of injured is an exceedingly long one, but most of those in it have only cuts caused by flying glass. The cause of the explosion and the quantity of explosives that blew up are not definitely known. Several causes have been advanced. One was that a tin started under the powder room, and that Master Mechanic William Tubbs lost his life in a desperate attempt to quench it before it reached the deadly fume. Another is that it started from a spark produced by a stray current of electricity. A third places the blame upon a blast in the tunnel. Still another gave a gas explosion from electrical contact in the trolley conduit in the street railway subway. Several men who were very close to the shaft escaped, while others, hundreds of feet away were knocked down and seriously injured.

District Attorney Jerome visited the scene and made an investigation to guide him in the official inquiry and possible criminal prosecution that will follow.

Mr. A. Shaler, engineer in charge of the work at Park avenue, John Bracken, a foreman, and Martin McGrath, an assistant foreman, were placed under arrest charged with homicide. William B. Parsons, chief engineer of the rapid transit commission, said that Shaler was one of the most competent successful engineers that he ever knew.

The damage may exceed \$1,000,000. The first estimate on the Murray Hill hotel placed the loss at \$100,000, but later the hotel was abandoned as unsafe. If the building is condemned, the loss on it alone will approach \$1,000,000. The damage to the Grand Union was estimated at \$40,000, and that to the Manhattan Hospital at \$25,000. The loss at the Grand Central station was entirely in glass, as was that of the one hundred or more buildings affected by the explosion. No estimate was made of the losses sustained by the Rapid Transit contractors.

COMING CHARITY CONCERT

At Cumberland Presbyterian Church on Friday, Feb. 7.

A Musical Event That Promises to Be a Treat.

It is to be hoped that everyone in the city is keeping in mind the Charity Concert to be given by the Musical club under the auspices of the Civic Federation, at the Cumberland Presbyterian church on Friday evening, February 7th, and will make no other arrangements for that evening.

The concert will be one of the most delightful musical treats ever given in the city. The program contains the names of celebrities and favorites in both the professional and amateur ranks of Paducah's musical world, and the rehearsals are now going on. But apart from this, the cause should attract the crowd. The great needs of the poor are known to the women of the Civic Federation, who are brought into contact with them day after day, and such weather as this is emphasizing these needs terribly. To answer such calls without money is a hollow mockery. The Charity Concert will help meet any deficit in the treasury, and it is a form of pleasure to which every one can give a most hearty support. It is expected that all will enthusiastically help to make it a financial success. Tickets can be had from any member of the Civic Federation, and are only 25 cents.

ALMOST COMPLETED

The Cadiz Railroad is Now a Pleasing Reality.

It Was Begun One Year Ago, and Will Be Finished This Week.

TRAINS ARE ALREADY RUNNING

The Cadiz railroad, which is twelve miles long and extends from Gracey, in Christian county, to the pretty capital of Trigg, will be completed this week. All the work is done but laying the rails about one mile, and in a few days trains will be running regularly over the line.

The road is the realization of the hopes of years. The memory of the oldest citizen runneth not back to a time when the people of Trigg county were not indulging in railroad talk and grasping at all straws that promised from time to time threw out. In 1880 the projectors of the Ohio Valley railroad submitted a proposition to the citizens of Cadiz, promising for \$100,000 to extend their line to that town and thence to Hopkinsville. The district which was most to be benefited put the question to a vote. Owing to local conditions the opposition was bitter and the election was exciting. The tax was voted on the district by a majority of 202. That night was the wildest in the history of Cadiz. The celebrators painted "202" on nearly everything in town. The front doors of residences and business houses, the sides of barns, silos, walls and pavements and even dogs, horses and mules were adorned with the victorious numbers. The joy of the inhabitants, however, was short lived for the O. V. pushed on to Hopkinsville, not reaching nearer than ten miles of Cadiz.

Early in February of last year books were opened for subscriptions to stock and in a short time \$35,000 was raised. A board of directors was chosen which elected the following officers: W. Cleland White, president; Dan L. Griner, vice president; Edward B. Street, treasurer; John D. Shaw, secretary; B. Armitage, general manager.

On April 22nd, at Cadiz, dirt for the road was broken with appropriate exercises. Despite a heavy rain, a great crowd was present. The first shovel of soil was turned by Mrs. Nancy Wilford, the oldest white citizen of Cadiz. Eloquent addresses were delivered by Judge James B. Garrett; Dr. J. W. Greenhaw and others.

November 19, at a called meeting of the stockholders, it was decided to mortgage the property for an amount not to exceed \$20,000, in order to raise sufficient means to complete and equip the road. The money was secured from the Louisville Fidelity and Safety Deposit company, which executed twenty negotiable bonds for \$1,000 each, with 6 per cent interest, payable semi-annually. The property included consisted of the roadbed, rolling stock and terminals. The middle of November the work of laying the track was begun. Locomotive No. 10 arrived at Gracey and has been used in the work of construction. Every thing indicated the completion of the road by Christmas, but several weeks of zero weather and deep snow retarded the work. When good weather set in again construction was resumed, and during the first week in January a train began running on schedule time between Gracey and Montgomery.

Mr. Robert Chambers, a well known man of the county, slipped and fell yesterday from his porch and sustained a dislocation of the hip. Owing to his age, it will be quite a while before he gets out again.

Mr. A. C. Shelton, the carpenter contractor, cut his left hand badly yesterday afternoon while at work making a joint. His knife slipped and struck the back of the hand inflicting a painful wound. Dr. Troutman dressed the injury.

Little Miss Fiddie Sellers, of Fourth and Tennessee streets, the eight year old daughter of Mr. Sellers, of the Rhodes-Dunford furniture store, fell down while playing at school yesterday afternoon and dislocated her left elbow. Dr. Doyle reset the elbow and the little girl was able to return to school this morning.

NASHVILLE'S POSTMASTER IS REAPPOINTED, BUT IS CAUTIONED TO VIOLATE NO CIVIL SERVICE RULES.

Washington, Jan. 28.—The President has decided on the reappointment of Postmaster A. E. Willis of Nashville, Tenn., but wrote the postmaster a letter cautioning him against any violation of the civil service laws in his office. This action follows a report which the civil service commission has just made to the President of investigation of charges against the postmaster of a political nature. The report holds that Postmaster Willis committed technical violations of the civil service law in giving \$150 to another officer for political purposes, and in causing the collection of certain sums from subordinates to reimburse him. The report also holds that there was no coercion in the case.

HANDS BADLY MASHED

Accident at the Illinois Central Blacksmith Shop.

Mr. John Chambers Has a Hip Dislocated—Other Accidents.

Mr. John Itale of Thirteenth and Ohio streets, the well known I. C. blacksmith, was seriously injured this morning about 8 o'clock while moving a big 1,000-pound driving axle to the interior of the blacksmith shop. Mr. Itale and several other employees of that department had the big axle on a truck, and when the door of the shop was reached the end of the axle struck the door and rolled off the truck. In its descent it caught Mr. Itale's hands—he had been bolting it in place—and badly crashed both. His left hand was not so badly injured as his right, which was broken in every knuckle and joint. It is believed, however, that he will not lose the use of the members. He was taken to the hospital, where his injuries were dressed by Dr. Dillon.

A street car struck Mr. Theodore Corcoran's buggy at Sixth and Clark streets yesterday afternoon late, and demolished it, throwing Mr. Corcoran off. Fortunately, however, he escaped serious injury.

Kimmet Tilford, a railroad man, had a leg cut off yesterday while trying to "hop" a freight train on the Illinois Central at Horse Branch. He resides at Horse Branch, and is a member of the section gang.

Mr. Robert Chambers, a well known man of the county, slipped and fell yesterday from his porch and sustained a dislocation of the hip. Owing to his age, it will be quite a while before he gets out again.

THE PUBLIC SCHOOL

Supt. Hatfield Decides to Reopen Mid-Term Promotions.

New Term Begins Monday and Serving Will Be Put Higher Up in the Grade.

SUPT. HATFIELD'S NEW INVENTION

For the past several years there has been little attention paid to the promotion of pupils in the local schools at the end of the first term.

Year, however, if a pupil is deserving, and has the average he will be promoted to the lowest division of the higher grade. On account of the sudden change, and the tendency of the pupils to back somewhat, the matter of such promotion was dropped but in the past year there have been several deserving pupils who have been promoted and who proved successful in the higher grade and the management thus encouraged to again bring the rule into play. All the records of every pupil in the schools will be examined by Supt. Hatfield this week.

Admiral Schley has announced that

he will not enter politics for any con-

One of the strongest fights will be

made against the rotation of circuit

judges bill, introduced to change the

method of holding court.

Some of the Democratic papers

claim that there are comments on the

the comments are not very favorable.

It is likely, however, from per-

bill to erect a new state cap-

itol, from reports, will fail to pass

in the legislature, because it provides

for an annual expenditure for commis-

sioners of over ten thousand dollars. It

is, however, that the Demo-

crats will not neglect the gerrymander

bill, which is more important to them

than the capitol bill, anyhow, for

what's the use in having a state cap-

itol if the Democrats have no way to

hold on to it and the state govern-

ment?

The Louisville Post calls attention

to a bill that threatens to revolu-

tionize the jury system in the state.

The proposition is to supply the jury

various devices which escape detection

from the most vigilant officers, ele-

ments of chance and chance of justice

are too often removed from important

cases when the juries are selected.

These are largely abuses of adminis-

tration, but this new measure would

make easy certain practices which are

now difficult and dangerous.

We appeal to every lover of justice

in the legislature to protect Jefferson

county from such vicious legislation

as that embodied in House Bill No. 77.

TAKE CHARGE FRIDAY.

MASTER CAR BUILDER SES-

SIONS WILL GO TO

CHICAGO.

Mr. T. M. Baughan, who will succeed

Mr. F. M. Sessions as the general

foreman of the local C. O. wood work-

ing department, is expected in the city

tonight, and will be placed in charge

of the office on the first of the next

month, when Mr. Sessions' resignation

takes effect.

Mr. Baughan is an experienced man,

and will make a good man for the

place. Mr. Sessions has not given

up what road he will go with but

will be stationed at Chicago. Mr.

Sessions will remain in Paducah sev-

eral days over time in order to ac-

quaint Mr. Baughan more thoroughly

with the duties and the business left

to him.

STILL BLOCKADED.

THE BETTIE OWEN CANNOT GET

INTO HER LANDING AT

BROOKPORT.

The Bettie Owen is still unable to

land at Brookport to transfer vehicle.

The largest and heaviest box cars

still block the way and the boat is

only able to land for passengers. Cap-

tain John Owen says that several box

cars of the railroad company are

pushed into the water several feet

deep and that no attempt has been

made to remove them. The regular

dock is still aground and the boat can

not get to the temporary dock on ac-

count of the blockade.

COMING TO PADUCAH.

ATTORNEY MORTON K. YONTZ

WILL MOVE HERE TO

PRACTICE.

Mr. Frank Angstrom went to Green-

ville, Ky., this morning to pack the

furniture of Mr. Morton K. Yontz,

the attorney, who is preparing to

make Paducah his permanent resi-

dence.

Mr. Yontz was in the city several

weeks ago looking about, and has de-

ecided to locate here. He will arrive

in a few days.

CHILD DIED.

THE CORONER DECIDED IT EX-

PIRED FROM SPASMS.

The eight-day old child of Mr. S.

M. Simmons died last night at 535

South Second street. His mother died

at his birth, and since then it had

been gradually sinking. Last night it

suddenly expired, and it was deemed

best to hold an inquest. The coroner

decided it died from spasms, and ren-

dered a verdict to that effect.

The remains were buried today at

Owen's Chapel cemetery.

POLITICIAN ENDS HIS LIFE.

London, Jan. 28.—According to the

Sofia correspondent of the Daily Ex-

press, Diko Joseph, a politician, and

lawyer, and director of the newspa-

per Svot, committed suicide after his

arrest in connection with a series of

thefts of postage stamps from the gov-

ernment printing departments involv-

ing a loss to the state of \$40,000.

PANIC IN A THEATER.

Murion, Ind., Jan. 28.—A fire alarm

in one of the theaters last night,

which was packed to suffocation,

caused a panic. The attraction was a

vaudeville company, and the audience

was composed of men. An awful fight

and stampede resulted, and many were

injured.

ATKINSON-MCDOWEL.

Kuttawa, Ky., Jan. 28.—George At-

kinson, of Sikeston, Mo., and Miss

Bettie McDowell, of this place, were

married here Saturday.

AFTER EQUINOX.

The season has changed.

Cold winds, damp air, coughs,

colds, gripe, pneumonia—

that's the order of events.

This is the time of year for

those with weak lungs or a ten-

dency to heavy colds to fortify

themselves against exposure

by taking Scott's Emulsion.

Regular doses give great pro-

tection to the throat and lungs.

What's the use of staying

near the edge when such easy

treatment will keep you out of

danger.

For obstinate colds, for old

coughs, for catarrh and bron-

chitis Scott's Emulsion is a

standard remedy. You can feel

the effects of even a small bottle.

No brilliant success in

business is our object

where the value of the

paper advertising was

not recognized and im-

ployed with profit.—

Kokomo, Ind., Jan. 28.—Isaac

Murphy, the smallpox subject who

eluded the officers of Kokomo, Marion

and Anderson, and who was captured

at Greentown, ten miles east of here,

and taken in custody by Wm. Semer,

an immune, was threatened by a mob

early this morning. The house was

staked, and the crowd threatened to

breach both men, but when Semer

pointed a gun through the door the

mob retired.

A short time afterward Night

Watchman Pool approached the house,

and Semer, mistaking him for one of

the mob, opened fire. A load of shot

struck Pool in the body and legs, in-

fllicting serious wounds.

The quarantine men have secured

additional arms and ammunition, and

bloodshed is expected if the attack is

renewed.

JAPANESE INSTRUCTORS FOR

THE CHINESE NAVY, UNDER NEW

ORGANIZATIONS.

Peking, Jan. 28.—Chinese officials

have found treasure to the value of

over 100,000,000 taels in gold and sil-

ver, which was buried in the women's

quarters of the palace before the court

retreat from Peking.

The court has granted 5,000,000

taels annually to Yuan Shi Kai, vic-

eroys of Chi Li, for the maintenance

of an army of 100,000 men in Chi Li

province. Yuan Shi Kai has been

given practical control of the army

—"Alvin Joslin," the best of all

the rural plays, will be the attraction

at The Kentucky Thursday night.

Alvin Joslin, as is well known, was

the first of all the dramas of this kind,

and has been the most successful be

cause it has the most merit. It is in

four acts, and is full of the most lud

icrous situations and exciting climaxes.

All the interest and fun is caused by

Alvin Joslin, an old farmer, as given

in the hills of Vermont, from which

he came to visit New York. Clever

of minstrelsy, when crowds flocked to

see the "plantation singers," and re

turned home to talk of what they had

seen. This is the one show of min

strelsy that has cast aside all old,

wornout features, and gives to the

public a pure, wholesome, up-to-date

show. New faces, new acts, new

CIRCUIT COURT.

THE FLOYD DAMAGE SUIT STILL

ON TRIAL.

At press time the William Floyd

case against the Paducah Street Rail

way Co. was still on trial, but will

be finished today. Floyd, who is par

ticularly deaf, has been damaged for

several years near Rowlandtown one

year ago. While walking on the track

the car struck him and knocked him

several feet. He was bruised and

otherwise injured, but not seriously.

The case will be given to the jury

about three o'clock this afternoon.
